Dear Ali –

On May 11, Saudi Arabia’s Energy Ministry directed Saudi Aramco to reduce its crude oil production, for the upcoming month of June, by an additional one million barrels per day. This voluntary reduction is in addition to the reductions committed to by the Kingdom of Saudi Arabia pursuant to the OPEC+ agreement, which went into effect on May 1. For further information, please see the following news item published by the Saudi Press Agency: https://www.spa.gov.sa/viewfullstory.php?lang=en&newsid=2085040#2085040.

I would welcome any feedback you may have.

Best,

Norm

Dear Sam –

On May 11, Saudi Arabia’s Energy Ministry directed Saudi Aramco to reduce its crude oil production, for the upcoming month of June, by an additional one million barrels per day. This voluntary reduction is in addition to the reductions committed to by the Kingdom of Saudi Arabia pursuant to the OPEC+ agreement, which went into effect on May 1. For further information, please see the following news item published by the Saudi Press Agency: [https://www.spa.gov.sa/viewfullstory.php?lang=en&newsid=2085040#2085040](https://www.spa.gov.sa/viewfullstory.php?lang=en&newsid=2085040#2085040).

I would welcome any feedback you may have.

Best,

Norm
