Subject: Saudi Initiative to Reach Peaceful Resolution to Yemen Conflict

Dear Alexander,

On behalf of the Embassy of Saudi Arabia, I would like to share with you an important development with respect to the conflict in Yemen.

Today, the Kingdom of Saudi Arabia announced a new [initiative](#) to reach a nationwide ceasefire in Yemen and reach a comprehensive political resolution to the conflict under the auspices of the United Nations. The Kingdom's initiative is intended to support the ongoing efforts of UN Special Envoy Martin Griffiths and US Special Envoy Tim Lenderking to reach a comprehensive political resolution. Specifically, the Kingdom's initiative consists of the following elements:

1. Establishing a ceasefire across the country under the supervision of the United Nations;
2. Depositing taxes and custom revenues for ships carrying oil derivatives to the port of Hodeidah in the joint account of the Central Bank of Yemen in Hodeidah, in accordance with the Stockholm Agreement on Hodeidah;
3. Re-opening Sanaa International Airport to a number of direct regional and international destinations; and
4. The start of consultations between the Yemeni parties to reach a political resolution to the Yemeni crisis under the auspices of the United Nations based on UN Security Council Resolution 2216, the Gulf initiative and its implementation mechanism, and the outcomes of the Yemeni national dialogue.

The Kingdom calls on all parties to accept the initiative in order to immediately address the humanitarian and economic conditions plaguing the Yemeni people. At this time, the Kingdom would appreciate if your Member of Congress would publicly welcome this step and call out the Houthis for their continuous obstruction of the political process.

Please let me know if you have any questions.

Sincerely,

Ivan Zapien

Subject: Saudi Initiative to Reach Peaceful Resolution to Yemen Conflict

Dear Hannah,

On behalf of the Embassy of Saudi Arabia, I would like to share with you an important development with respect to the conflict in Yemen.

Today, the Kingdom of Saudi Arabia announced a new [initiative](#) to reach a nationwide ceasefire in Yemen and reach a comprehensive political resolution to the conflict under the auspices of the United Nations. The Kingdom's initiative is intended to support the ongoing efforts of UN Special Envoy Martin Griffiths and US Special Envoy Tim Lenderking to reach a comprehensive political resolution. Specifically, the Kingdom's initiative consists of the following elements:

1. Establishing a ceasefire across the country under the supervision of the United Nations;
2. Depositing taxes and custom revenues for ships carrying oil derivatives to the port of Hodeidah in the joint account of the Central Bank of Yemen in Hodeidah, in accordance with the Stockholm Agreement on Hodeidah;
3. Re-opening Sanaa International Airport to a number of direct regional and international destinations; and
4. The start of consultations between the Yemeni parties to reach a political resolution to the Yemeni crisis under the auspices of the United Nations based on UN Security Council Resolution 2216, the Gulf initiative and its implementation mechanism, and the outcomes of the Yemeni national dialogue.

The Kingdom calls on all parties to accept the initiative in order to immediately address the humanitarian and economic conditions plaguing the Yemeni people. At this time, the Kingdom would appreciate if your Member of Congress would publicly welcome this step and call out the Houthis for their continuous obstruction of the political process.

Please let me know if you have any questions.

All my best,

Norm

Subject: Saudi Initiative to Reach Peaceful Resolution to Yemen Conflict

Dear Micah,

On behalf of the Embassy of Saudi Arabia, I would like to share with you an important development with respect to the conflict in Yemen.

Today, the Kingdom of Saudi Arabia announced a new [initiative](#) to reach a nationwide ceasefire in Yemen and reach a comprehensive political resolution to the conflict under the auspices of the United Nations. The Kingdom's initiative is intended to support the ongoing efforts of UN Special Envoy Martin Griffiths and US Special Envoy Tim Lenderking to reach a comprehensive political resolution. Specifically, the Kingdom's initiative consists of the following elements:

1. Establishing a ceasefire across the country under the supervision of the United Nations;
2. Depositing taxes and custom revenues for ships carrying oil derivatives to the port of Hodeidah in the joint account of the Central Bank of Yemen in Hodeidah, in accordance with the Stockholm Agreement on Hodeidah;
3. Re-opening Sanaa International Airport to a number of direct regional and international destinations; and
4. The start of consultations between the Yemeni parties to reach a political resolution to the Yemeni crisis under the auspices of the United Nations based on UN Security Council Resolution 2216, the Gulf initiative and its implementation mechanism, and the outcomes of the Yemeni national dialogue.

The Kingdom calls on all parties to accept the initiative in order to immediately address the humanitarian and economic conditions plaguing the Yemeni people. At this time, the Kingdom would appreciate if your Member of Congress would publicly welcome this step and call out the Houthis for their continuous obstruction of the political process.

Please let me know if you have any questions.

All my best,

Norm

Subject: Saudi Initiative to Reach Peaceful Resolution to Yemen Conflict

Dear Ryan,

On behalf of the Embassy of Saudi Arabia, I would like to share with you an important development with respect to the conflict in Yemen.

Today, the Kingdom of Saudi Arabia announced a new [initiative](#) to reach a nationwide ceasefire in Yemen and reach a comprehensive political resolution to the conflict under the auspices of the United Nations. The Kingdom's initiative is intended to support the ongoing efforts of UN Special Envoy Martin Griffiths and US Special Envoy Tim Lenderking to reach a comprehensive political resolution. Specifically, the Kingdom's initiative consists of the following elements:

1. Establishing a ceasefire across the country under the supervision of the United Nations;
2. Depositing taxes and custom revenues for ships carrying oil derivatives to the port of Hodeidah in the joint account of the Central Bank of Yemen in Hodeidah, in accordance with the Stockholm Agreement on Hodeidah;
3. Re-opening Sanaa International Airport to a number of direct regional and international destinations; and
4. The start of consultations between the Yemeni parties to reach a political resolution to the Yemeni crisis under the auspices of the United Nations based on UN Security Council Resolution 2216, the Gulf initiative and its implementation mechanism, and the outcomes of the Yemeni national dialogue.

The Kingdom calls on all parties to accept the initiative in order to immediately address the humanitarian and economic conditions plaguing the Yemeni people. At this time, the Kingdom would appreciate if your Member of Congress would publicly welcome this step and call out the Houthis for their continuous obstruction of the political process.

Please let me know if you have any questions.

All my best,

Norm
