IMPORTANT LINE OF CREDIT INFORMATION

Billing Rights Summary: In case of Error or Questions About Your Bill: If you think your statement is wrong, or if you need more information about a transaction on this statement, write us on a separate sheet at the address shown on your statement as soon as possible. We must hear from you no later than sixty (60) days after we sent you the FIRST statement on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number;
- The dollar amount of the suspected error;
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you delinquent or take any action to collect the amount you question.

Explanation of Finance Charge: Your Finance Charge is computed on all cash advances from the date each cash advance is made until we receive payment in full. We figure the Finance Charge on your line of credit by applying the daily periodic rate to the "Average Daily Balance" (Finance Charge Balance) of your line of credit including current transactions. To get the average daily balance we take the beginning balance of your line of credit each day, add any new cash advances or debits, and subtract any payments or credits, fees and unpaid Finance Charge. This gives us your daily balance. Then we add up all daily balances and divide this total by the number of days in the billing cycle to get the average daily balance. Then we multiply the average daily balance by the daily periodic rate times the number of days in the billing cycle. The Daily Periodic Rate is figured by dividing the Annual Percentage Rate by the number of days in a year (365/366 days).

CREDIT INFORMATION: If you believe we have reported inaccurate information about your account to a credit reporting agency, you may contact the credit reporting agency or write to us at:

Key Credit Research Department

IMPORTANT LINE OF CREDIT INFORMATION

Billing Rights Summary: In case of Error or Questions About Your Bill: If you think your statement is wrong, or if you need more information about a transaction on this statement, write us on a separate sheet at the address shown on your statement as soon as possible. We must hear from you no later than sixty (60) days after we sent you the FIRST statement on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number;
- The dollar amount of the suspected error;
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you delinquent or take any action to collect the amount you question.

Explanation of Finance Charge: Your Finance Charge is computed on all cash advances from the date each cash advance is made until we receive payment in full. We figure the Finance Charge on your line of credit by applying the daily periodic rate to the "Average Daily Balance" (Finance Charge Balance) of your line of credit including current transactions. To get the average daily balance we take the beginning balance of your line of credit each day, add any new cash advances or debits, and subtract any payments or credits, fees and unpaid Finance Charge. This gives us your daily balance. Then we add up all daily balances and divide this total by the number of days in the billing cycle to get the average daily balance. Then we multiply the average daily balance by the daily periodic rate times the number of days in the billing cycle. The Daily Periodic Rate is figured by dividing the Annual Percentage Rate by the number of days in a year (365/366 days).

CREDIT INFORMATION: If you believe we have reported inaccurate information about your account to a credit reporting agency, you may contact the credit reporting agency or write to us at:
