**Subject:** Meeting ALTERRA CEO next week?

Hi Justin,

I hope this finds you well.

I wanted to reach out to see if you may be interested in meeting H.E. Majid Al Suwaidi, CEO of ALTERRA next week? He will be in Washington Wed-Friday - his schedule is currently being finalized.

In terms of discussion points, he tends to cover the following, but if there is an angle that you'd be interested in, please let me know.

- Overview of ALTERRA, its structure, and future ambitions
- Key milestones since launch
- How ALTERRA is disrupting finance to get climate capital flowing to where it is needed most
- Current investment opportunities i.e., building the energy systems of tomorrow.

Ahead of his DC trip, he will be participating in the following panel discussion at CERAWeek:  
[Addressing Barriers to Bankability of Clean Energy Projects](#)

### **About ALTERRA**

ALTERRA is the world's largest private investment vehicle for climate finance. Launched at COP28 with a US\$30 billion commitment from the UAE, ALTERRA aims to build innovative partnerships to

mobilize US\$250 billion globally by 2030 to finance the new climate economy and accelerate the climate transition.

ALTERRA's dual-arm structure enhances its impact: the US\$25 billion Acceleration Fund directs capital towards projects crucial for accelerating the global transition to a net-zero and climate-resilient economy at scale. The US\$5 billion Transformation Fund incentivizes investment flows in high-growth climate opportunities in underserved markets by providing catalytic capital.

Looking forward to hearing from you.

Best,
