Hi A [REDACTED] -

I don't see the required FARA label on the email you provided below.

Please be sure to include the label going forward on anything that is disseminated going forward

Thanks,

[REDACTED]

H [REDACTED],

Hope all is well.

Flagging the following email which we will be sending to a few US-based reporters to arrange meetings at Milken LA next month.

Please let me know if you need me to share anything else.

Best,

[REDACTED]

Hi Diane,

I hope this finds you well.

I wanted to reach out to see if you may be interested in a background meeting during Milken with H.E. Majid Al Suwaidi, CEO of ALTERRA, the UAE's \$30B climate investment vehicle? We are working on the schedule for the week so we could look to arrange a meeting w/c 5<sup>th</sup> May if that might suit.

In terms of discussion points, he would be happy to cover the following, but if there any additional topics that you'd be interested in, please let me know.

- Overview of ALTERRA, its structure, and future ambitions
- Key milestones since launch
- How ALTERRA is disrupting finance to get climate capital flowing to where it is needed most
- Current investment opportunities, including sectors and regions

#### About ALTERRA

ALTERRA is the world's largest private investment vehicle for climate finance. Launched at COP28 with a US\$30 billion commitment from the UAE, ALTERRA aims to build innovative partnerships to mobilize US\$250 billion globally by 2030 to finance the new climate economy and accelerate the climate transition.

ALTERRA's dual-arm structure enhances its impact: the US\$25 billion Acceleration Fund directs capital towards projects crucial for accelerating the global transition to a net-zero and climate-resilient economy at scale. The US\$5 billion Transformation Fund incentivizes investment flows in high-growth climate opportunities in underserved markets by providing catalytic capital. Looking forward to hearing from you.

Looking forward to hearing from you.

Best regards,  
Andreea
