COP30 Morning Brief

Day 5: Friday, 14 November

by the COP30 Communications Team

Thematic Focus: Energy, Industry, Transport, Trade, Finance, Carbon markets, and Non-CO₂ gases

Powering the Transition Through Energy, Industry, and Finance

Day 5 of COP30 highlights how energy, industry, and finance are driving the global shift toward a sustainable and equitable future. Leaders from governments, business, civil society, and finance are uniting to accelerate the energy transition by pairing innovation with the investments needed to transform systems that power economies and communities. The day opens with a ministerial on the **Belém 4X Pledge** and the launch of the **Clean Energy Ministerial Future Fuels Action Plan**, a new platform to scale sustainable fuels. The Belém **Declaration on Global Green Industrialization** will rally partners behind a shared push to speed up green industry transition worldwide.

A ministerial on **Novel Approaches to Transition Away from Fossil Fuels** advances the Global Stocktake mandate, shifting from ambition to implementation through national action plans, partnerships, and finance alignment. Sectoral transformation is also in focus: a session on **The Future of Energy in Shipping** charts the path to net-zero maritime transport, while the **High-level ministerial on Grids and Storage** drives commitments to expand investment and policy solutions for electrification and energy access. With new initiatives—including the **Global Grids and Storage Implementation Coordinating Council**, an updated **Global Energy Storage and Grids Pledge**, and a **Framework for Investable Pipelines**—Day 5 shows how COP30 is mobilizing the full ecosystem needed to power the transition.

COP30 Presidency Thematic Press Briefing (1:15PM; PC Room 1):

Guests to be confirmed via media alert.

COP30 Presidency Press Briefing (6:00PM; PC Room 1):

Guests and time to be confirmed via media alert.

Key Moments:

Action Agenda events are run and owned by respective organizers, event details are subject to change.

10:30AM – 12:00PM [High-Level Ministerial: Roundtable on Implementation of the Belém 4X Pledge on Sustainable Fuels](#)

Ministers and global partners will gather to outline practical steps to deliver the Belém 4X Pledge to quadruple global use of sustainable fuels by 2035. The event will launch the *Clean Energy Ministerial Future Fuels Action Plan*, the key implementation platform bringing together governments, industries, and financiers to scale up production and use of sustainable fuels across key sectors.

Location: SE Room 3 - Parnaíba - Blue Zone

10:30AM – 12:00PM [High Level Ministerial: The Belém Declaration: Accelerating green industrialization in pursuit of global climate and development goals](#)

The Ministerial event marks the launch of the Belém Declaration on Global Green Industrialization, presenting its rationale and uniting governments and partners around a shared multilateral vision for accelerating green industrialization, especially in the Global South.

Location: SE Room 2 - Madeira, Blue Zone

12:30PM – 2:00PM [High Level Ministerial: Novel Approaches to Transition Away from Fossil Fuels, from “What” & “How”](#)

COP30 marks an important opportunity to demonstrate existing progress on transitioning away from fossil fuels. Building on the Global Stocktake mandate, this high-level session will move the discussion from *what* to *how* in the transition away from fossil fuels - featuring how countries and initiatives are working together to address challenges and accelerate the clean energy transition in support of shared prosperity and resilience.

Location: SE Room 1 - São Francisco, Blue Zone

2:00PM - 3:00PM [The Future of Energy in Shipping: The Pathway To Net-Zero](#)

Countries and the maritime industry will gather to discuss how to ensure an efficient energy transition in shipping, sharing views on what should happen in the next 12 months, when IMO member countries are expected to meet to discuss the adoption of a global regulatory framework that includes measures to incentivize the uptake of sustainable fuels, reduce global shipping's emissions and support to the most vulnerable.

Location: Action Room 1 - Action Agenda Thematic Spaces

4:30PM – 6:00PM [High Level Ministerial: Accelerating Action on Grids and Storage](#)

This high-level event will drive new commitments to accelerate investment, planning, and policy solutions for electricity grids and storage, advancing Brazil's COP30 priorities on electrification and energy access. Organizers will launch the Global Grids and Storage Implementation Coordinating Council, unveil UNEZA's *Progress on the Global Energy Storage and Grids Pledge*, and present a new *Framework for Investable Pipelines* to turn national energy ambitions into bankable projects.

Location: SE Room 3 - Parnaíba - Blue Zone
