*Political activity as defined in Section 1(o) of the Act means the dissemination of political propaganda and any other activity which the person engaging therein believes will, or which he intends to, prevail upon, indoctrinate, convert, induce, persuade, or in any other way influence any agency or official of the Government of the United States or any section of the public within the United States with reference to formulating, adopting, or changing the domestic or foreign policies of the United States or with reference to the political or public interests, policies, or relations of a government of a foreign country or a foreign political party.

PROPOSAL

World Trade Link is submitting this formal proposal to represent, assist and advise Mexico in the field of textiles and apparel. Following are the essential elements of our proposal:

Negotiations

World Trade Link would provide assistance in the bilateral negotiations with the United States Government as stated below:

1. Develop a negotiating strategy which will provide maximum benefits for Mexican exports of apparel (defined as garments and made-up articles) from Mexico to the U.S. This will include an assessment of the "sensitivity" in the U.S. for individual textile and apparel products, the identification of appropriate quid pro quos to make it politically possible for the U.S. to accede to Mexican goals, and the development of argumentation in support of Mexican positions. Such strategy will implement the use of MFA provisions pertaining to less developed countries, and the special access provisions which relate to cotton producing countries. WTL will provide information, statistics and graphs in support of negotiations.

2. Consult with Members of Camara Nacional de La Industria Del Vestido and of other individuals designated by the Camara Nacional de la Industria Del Vestido prior to and during negotiations with the United States. Such meetings will be initially to establish priorities consistent with industry objectives. Additional meetings will be to advise on the strategic

adjustments to make during the negotiations.

3. Work with U.S. Government negotiators and members of the Negotiating Group in order to help achieve the goals of Camara Nacional de La Industria Del Vestido. Consult with U.S. industry advisors on an informal basis when advisable.

4. Analyze the potential for Mexican exports in the U.S. market for apparel products as requested. This will include an assessment of the competitiveness of Mexican products, the identification of products which Mexican manufacturers have the best opportunity to sell in the U.S. market and advice in marketing such products.

Administration

Advise on administrative problems which may arise in the implementation of the U.S.-Mexican textile and apparel agreement. This will include:

(1) Contact the U.S. Customs Service regarding classification questions, changes which result from the adoption of the Harmonized Code, or any other procedural or regulatory matters which might adversely affect exports from Mexican to the U.S.

(2) Assist in the identification of discrepancies between U.S. import data and Mexican export data, and assistance in reconciliation of any such discrepancies, in order to help avoid embargoes.

Statistical/Market Analysis.

WTL will provide the following services:

- (1) Comprehensive quantity and value statistics each month on U.S. imports of textiles and apparel from Mexico.
- (2) A monthly risk assessment of possible U.S. "calls for consultation" with Mexico.
- (3) A full analysis of U.S. textile and apparel market conditions on a quarterly basis.
- (4) A report on the status of all quotas which are established on Mexican apparel exports with warnings of high quota fill rates and imminent embargoes. This will be done on a weekly basis.

World Trade Link will provide the services mentioned for a fee of \$30,000 to cover the period November 12 to December 31, 1989. Should Camara Nacional de La Industria Del Vestido choose to employ WTL for the period January 1 1990 through December 31, 1990 an additional fee of \$50,000 will be charged. Initial fee of \$30,000 will be paid at signing of contract. If employment continues, \$10,000 will be paid January 2, 1990; \$20,000 April 1, 1990; and \$20,000 August 1, 1990. Expenses such as travel, telephone, fax, etc. would be in addition to the base fee.
