Irish Unity Summit

Friday, March 1, 2024

Great Hall of Cooper Union, NYC

All over the island of Ireland, conversations about Irish Unity are taking place. From community centers to churches, college campuses to pubs, it is clear that the question of Unity is no longer one of 'if' but is now one of 'when'.

The Good Friday Agreement changed Ireland, but the journey is not complete. The Agreement provides for a peaceful and democratic pathway to Irish Unity, but what are the challenges and opportunities to build a United Ireland? What steps need to be taken? What is the role of the US and what does a new Ireland look like?

Friday's event brings together a wide variety of perspectives and experiences to help answer these questions and to build awareness of the potential for Irish Unity.
