# Irish Unity People's Assembly: Diaspora Continuing the Conversation

Hello,

Back in October, 2024, we started hosting events designed to connect, share, and listen to the ideas about Irish Unity held by the Irish Diaspora in the United States.

We started in Cleveland, OH, moved on to Columbus, OH, then hosted events in Washington, DC, and Rockland County, NY. In that time more than 670 people registered and engaged with the questions: What does Irish Unity mean to you? Who are the key governmental actors in the work of achieving unity? What is the role of activists in that work?

The answers and conversations you jumped into in small groups were thoughtful, focused on action, and only the beginning.

Over the next couple of months we will continue those discussions in monthly Zoom meetings that will bring together people from all Diaspora-focused Irish Unity People's Assemblies.

The first meeting will be on **Monday, February 10, 2025 at 7:00 pm Eastern.**

You do not need to attend all meetings - join us for the calls you are able to attend. They will not be serial, though there will be new readings, and study topics, and updates on every call.

For our first call, I've [linked an article](#) that we can discuss together on Feb 10.

- A one hour zoom call to connect with other activists in the country who are working to advance the cause of Irish Unity, get an update on the latest progress, and if there is time, discuss an article focused on Irish Unity.

### How to prepare:

- Read [this article](#) and be prepared to discuss it with others.
- If you've made progress with any of the plans you crafted at the People's Assembly and want to share with people on the call, you can prepare to speak about that for no more than 3 minutes.
