

Exhibit D: Fundraising campaign

In July 1997 the Czech Republic suffered an unprecedented floods which caused a damage of several billion Czech crowns. In order to relieve the damage, the Czech Center initiated a fundraising campaign among the Czech community in the USA.

The fundraising campaign generated \$ 26 500, which the Czech Center transferred to an account of the Czech Ministry for Foreign Affairs, which coordinated international help. The fundraising campaign was then terminated and the special account was closed.
