Jarrold:

BGR represents the Government of Nigeria with a focus on strengthening economic and commercial linkages between our two countries.

Nigeria's Minister of Solid Minerals, [Henry Dele Alake](#), will be in DC March 23-26.

Given the portfolio of the National Energy Dominance Council, we are hoping to find a time for you or the appropriate person on your staff to meet with him to discuss how Nigeria can join the robust group of countries that have already signed up to partner with the United States on critical minerals.

Many thanks for your consideration.

Best,
Les
