

Subject Line: FII Summit Highlights – Jenny Johnson, Mike Pompeo + Top Investor CEOs

Hi XX,

Given you were not able make it to the FII PRIORITY Summit this year, I wanted to share with you highlights from day one, including photos as well as quotes from Jenny Johnson, President & CEO, Franklin Templeton, Secretary Mike Pompeo and Richard Attias, CEO of FII Institute. You can find everything in this link [HERE](#). I've also copy/pasted the quotes below for your convenience as well as a few photo captions.

If you're interested in tuning in tomorrow, the event will be livestreamed [here](#).

Please do let me know if you have any questions or need anything else.

Thanks so much, NAME!

QUOTES:

AI is coming in a big way! The impact will be very positive as soon as we have regulations in place to monitor, control and enable this technology. AI could increase global GDP by 14%. – H.E. Yasir Al-Rumayyan, Governor, Public Investment Fund; Chairman, FII Institute

There are five Ds serving as big, broad trends that will define the next decade of investments: demographics, deglobalization, disinflation, digitalization and decarbonization. – Jenny Johnson, President & CEO, Franklin Templeton

At FII Institute, we want to be the catalyst of ideas and curators of platforms. We are creating influential initiatives around the globe as inclusive connectors, bringing together the world's most innovative minds to make an impact on Humanity. – Richard Attias, CEO, FII Institute; Founder & Chairman, RA&A

In the economic sphere, the connectivity between the things happening geopolitically is now ever more closely tied to thinking about investments and capital flows. It is impossible to separate geopolitical risk from capital allocation. – Secretary Mike Pompeo, 70th Secretary of State of the United States; Partner, Impact Investments
