

Hi NAME,

Hope you're well! My Bahrain Economic Development Board clients will be in San Francisco October 2–3 and are looking to connect with potential partners around event sponsorship and collaboration. We're eager for your outlet to be considered in the mix for their 2026 program.

I'd love to set up a quick call with you to share more about what they're working on and from there, I can make a direct introduction when they're in town. They are eager to meet the teams they'd be partnering with in a paid capacity.

Do you have time to meet tomorrow?

Thanks,
NAME
