EXHIBITOR	ADDRESS	DESCRIPTION
 <p>att Advanced Temperature Test Systems GmbH</p>	<p>ATT Systems GmbH Fraunhoferstrasse 11 82152 Planegg Germany</p> <p>phone: +49 89 899482 - 20 fax: +49 89 899482 - 28 E-Mail: info@att-systems.com website: www.att-systems.com</p>	<p>Thermal Chuck Systems for advanced wafer testing.</p> <p>We offer a wide range of extremely performant, reliable temperature control systems for the semiconductor industry. The modular concept for convenient, cost effective system upgrades, highest safety of investment and easy customization.</p>
 <p>Fraunhofer IISB</p>	<p>Fraunhofer Institute for Integrated Systems and Device Technology IISB Schottkystrasse 10 91058 Erlangen Germany</p> <p>phone: +49 9131 761-0 E-Mail: info@iisb.fraunhofer.de website: https://iisb.fraunhofer.de</p>	<p>Fraunhofer IISB conducts contract research for industry and public authorities. Various high-class laboratories allow for R&D on a broad range of power electronics, semiconductor technology, and materials development. At Semicon West 2023 we will showcase our unique silicon carbide (SiC) value chain: materials, device R&D, front end processing, packaging and applications. Furthermore: SiC CMOS, SiC and thin-film sensors.</p>
 <p>htt GROUP.</p>	<p>HTT High Tech Trade GmbH Landsberger Strasse 428 81241 Munich</p> <p>phone: +49 89 5467 850 E-Mail: info@httgroup.eu website: www.httgroup.eu</p>	<p>For 35 years htt Group has been representing leading manufacturers of systems and consumables for the Semiconductor Industry: tools for Wafer Fab, Probing, Test, Assembly and Backend. It also offers Service, Maintenance, Application & CE-EMC conformity and 'made in Germany' Wafer ID Readers. Additionally htt Group also has a probe card production in Dresden for Cantilever and Bladetype Probecards.</p>
 <p>MICRO-EPSILON</p>	<p>MICRO-EPSILON Messtechnik GmbH & Co. KG Koenigbacher Strasse 15 94496 Ortenburg Germany</p> <p>phone: +49 8542 168-0 E-Mail: info@micro-epsilon.de website: www.micro-epsilon.com</p>	<p>For more than 50 years, Micro-Epsilon has continuously developed reliable, high performance, unique sensor solutions particularly for applications where high precision or inspection is required. The extensive product range covers distance and displacement sensors, sensors for IR temperature measurement and color detection, as well as systems for dimensional measurement and 3D surface inspection.</p>

EXHIBITOR	ADDRESS	DESCRIPTION
	<p>UniTemp GmbH Luitpoldstrasse 6 85276 Pfaffenhofen/Ilm Germany</p> <p>phone: +49 8441 787663 E-Mail: info@unitemp.de website: www.unitemp.de</p>	<p>Since its inception in 2000, UniTemp GmbH is constantly working in the development, manufacturing, sales and marketing of equipment for the semiconductor and microelectronics industry. Key products are reflow solder systems (up to 300 mm x 300 mm area) and single wafer RTP (rapid thermal process) ovens for various wafer sizes. (100 mm, 150 mm, 200 mm and 300 mm).</p>
	<p>XEDION AG Otto-Hahn-Strasse 12 95447 Bayreuth Germany</p> <p>phone: +49 921 507 524-2 E-Mail: info@xedion.de website: www.xedion.de</p>	<p>Leveraging extensive R&D capabilities, our RFID company pioneers innovative solutions for semiconductor manufacturing, guaranteeing top-notch reliability and safety.</p> <p>All made in Germany.</p>
