Dear Friends,

we would like to invite you to the *Bavarian Green Technologies Congress for the Americas 2023*, that the Bavarian Foreign Representative Offices in North and Latin America are organizing with the support of Bayern International and the Bavarian State Ministry for Economic Affairs, Regional Development and Energy on June 20, 21 and 22, 2023.

This is a virtual space, where you will have the opportunity to exchange experiences with international experts, companies, innovative SMEs, technology-based startups, representatives of the public sector, applied research and venture capital representatives on sustainable solutions and key technologies to improve the contribution to the SDGs.

The State of Bavaria Offices from Alaska to Patagonia are joining the challenge: their counterparts in Canada, USA, Mexico, Brazil, Argentina, Chile, Colombia, Peru and Uruguay will be active partners of this great meeting with German key stakeholders to work on enabling conditions and best practices for circular economy and for digital transformation to improve environment, energy, and industry 4.0 for a rapid scale-up of climate-friendly technologies.

The *Bavarian Green Technologies Congress* offers a great opportunity to exchange experiences and knowledge about Innovations & Technologies “Made in Germany” to meet the UN Sustainable Development Goals (SDGs)!

If you want to know more details about this online congress and how to participate, visit our landing page: www.greentechnologiescongress.com/2023

Best regards,
Jan
