

Sudan People's Liberation Movement - Democratic Revolutionary Current

Statement

Comrade Yassir Saeed Arman, Chairman of the Sudan People's Liberation Movement-Democratic Revolutionary Current (SPLM-DRC), was stopped by Kenyan authorities Yesterday, 5 March, upon his arrival at Jomo Kenyatta Airport in Nairobi to meet with some Western diplomats, the arrest was due to an Interpol red notice issued by the Port Sudan authority based on a notice issued by the Port Sudan Central Police Station, headed by the department of international cooperation and human rights (Khartoum) to the international and regional criminal police organization - General Directorate (Interpol) The complaint is Dr Hisham Nourain Mohamed Nour on behalf of the Attorney General, specifying many articles related to terrorism, sedition, incitement and crimes against the state and demanding his extradition in Port Sudan, and it is worth noting that these fabricated charges have been sought by the terrorist regime for many years targeting the chairperson of the movement. The letter was sent to the General Directorate of Interpol, signed by Kamal Mahgoub Ahmed Saeed, and it was translated by the translation unit at the University of Khartoum. The chairperson of the movement was stopped by the Kenyan Interpol unit and was with them in the office until the evening, and he contacted many parties who spoke with the Interpol unit in Kenya, explaining to them that this is a political case and has nothing to do with Interpol and has nothing to do with terrorism or the articles and accusations mentioned in it, and Interpol made arrangements to allow him to go to one of the hotels in Nairobi to spend the night.

We hereby publish the bare facts to inform the sons and daughters of our people, democratic civilian and revolutionary forces. We will have a talk at another time about what the Muslim Brotherhood and the Port Sudan gang are doing in terms of crimes, terrorism, killing, displacement, prosecution of honorable sons and daughters of our people and repression against civil democratic forces and revolutionary forces, and therefore we call on all civil democratic forces to cohesion and solidarity because the target is not only the chairperson of the Movement - Democratic Revolutionary Current but the main target is the forces of the civil democratic movement and the forces of the revolution with the aim of liquidating them, oppressing and selling them to war groups, and this matter, order and endeavor against these forces will not succeed and will not confiscate their independent decision.

The eyes of cowards never sleep.  
Glory and immortality for the glorious December Revolution  
Peace and freedom for our people.
