

Distinguished Consul General, respected WTCA leaders, friends, ladies and gentlemen:

Good evening. It is a pleasure to join you here in Philadelphia, a city known for its history of commerce, innovation, and openness. On behalf of the China Council for the Promotion of International Trade (CCPIT) Representative Office in the United States, I want to express our sincere gratitude to WTCA for hosting this China Reception, and to all of you for your continued support for China–U.S. business cooperation.

WTCA has always been a global network built on trust and practical cooperation. Every year, this community proves that when businesses meet face-to-face, opportunities grow. And that is exactly what we need today — **real conversations, real partners, and real solutions.**

Strengthening Business Matchmaking

At CCPIT, our focus is simple: help companies find the right partners and move from interest to action. Whether in advanced manufacturing, clean energy, life sciences, logistics, or consumer goods, we see strong demand from both Chinese and American companies for **direct, efficient, and down-to-earth matchmaking.** Our Representative Office is committed to being a connector and a problem-solver for all of you.

The 4th China International Supply Chain Expo

This year, we warmly welcome you to the **4th China International Supply Chain Expo (CISCE)** in Beijing. CISCE is not just a trade fair — it is a full supply-chain ecosystem, bringing together global companies across smart vehicles, green energy, digital technology, healthy living, and modern agriculture. For businesses seeking resilient and diversified supply chains, CISCE offers a platform where real deals happen.

APEC CEO Summit 2026

Looking ahead, the **2026 APEC CEO Summit** will bring global leaders together to discuss growth, innovation, and the future of the Asia-Pacific economy. CCPIT will continue supporting U.S. and Chinese companies in participating and contributing to this important platform.

Closing

Ladies and gentlemen, despite global uncertainties, one thing remains unchanged: our business communities still want to cooperate. Philadelphia reminds us that progress comes from openness and partnership. Tonight, let us build new connections, explore new opportunities, and create new possibilities together.

CCPIT stands ready to work with WTCA and all of you to make cooperation

more practical, more innovative, and more future-oriented.

Thank you, and I wish you a wonderful evening.
