

"Multiple organisations currently offer advanced cyber intrusive tools. It is entirely deceptive to suggest that the NSO Group was involved in all the mobile phone intrusions which have been alleged. Not every missed call, SMS, or video call is Pegasus.

"We are the only company who licenses our technology, to law enforcement and intelligence agencies, under strict protocols and governance for proportionate operation for the sole purposes of preventing and investigating terror and crime, and where misuse is alleged to have occurred we have and will take action to investigate and suspend the capabilities."
