Treasury Sanctions Additional Individuals and Entities in Response to Continuing Violence in Syria

12/23/2016

Designations Follow Continuing Violent Attacks on Syrian Citizens by the Syrian Government

WASHINGTON – Today, the U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC) designated eighteen individuals and five entities in response to the continued acts of violence committed by the Government of Syria, led by Bashar al-Assad, against its own citizens. The designated individuals and entities have provided support or services to the Government of Syria, acted as senior officials of the Government of Syria, supported designated individuals and entities, or aided Syria's weapons of mass destruction program. As a result of today's action, any property or interests in property of the designated persons in the possession or control of U.S. persons or within the United States must be blocked. Additionally, transactions by U.S. persons involving the designated persons are generally prohibited.

"The daily attacks on civilian centers by the Government of Syria led by Bashar al-Assad are reprehensible, and both the Government and its enablers must be isolated and held accountable for their barbarism," said Adam J. Szubin, Acting Under Secretary for Terrorism and Financial Intelligence. "Treasury will continue to intensify the pressure on the Assad regime in support of the diplomatic efforts of the U.S. and our allies to resolve the conflict in Syria."

Today's action was taken pursuant to three Executive Orders (E.O.s) related to Syria: E.O. 13582, which targets the Government of Syria and its supporters; E.O. 13573, which targets senior officials of the Government of Syria; and E.O. 13572, which targets persons responsible for human rights abuses in Syria. In addition, today's action includes designations pursuant to E.O. 13382, which targets proliferators of weapons of mass destruction and their supporters.

OFAC designated Syria-based **Cham Wings Airlines (Cham Wings)** pursuant to E.O. 13582 for having materially assisted, sponsored, or provided financial, material, or technological support for, or goods or services in support of, the Government of Syria and Syrian Arab Airlines. Syrian Arab Airlines was identified as a blocked instrumentality or controlled entity of the Government of Syria in 2013 and was concurrently designated pursuant to E.O. 13224 for acting for or on behalf of Iran's Islamic Revolutionary Guard Corps-Qods Force.

Cham Wings was established in 2008 and recognized by the Government of Syria as a national airline operator in 2014. Cham Wings has cooperated with Government of Syria officials to transport militants to Syria to fight on behalf of the Syrian regime and assisted the previously-designated Syrian Military Intelligence (SMI) in moving weapons and equipment for the Syrian regime, including by utilizing a relationship with another Syria-based airline, Fly Damas. Cham Wings's Damascus-to-Dubai flight was one of the main routes SMI used to launder money throughout the region, with SMI paying all parties involved to ensure they would continue to do business with the Assad regime.
