

Attributable to an NSO spokesperson:

"NSO's technology is only licensed to government intelligence and law enforcement agencies for the sole purpose of preventing and investigating terror and serious crime. All potential customers must meet strict export authority regulations before any sale, in addition to NSO's internal vetting process that includes a focus on human rights. NSO's governance framework sets the highest standards in the cyber intelligence industry and aligns us with the UN Guiding Principles on Business and Human Rights, embedding human rights due diligence into everything we do."
