“I since come to realize that it is the next jihad right now.” — @JohnnieM

Rev. Moore and @simonwiesenthal's Rabbi Abraham Cooper stress that the US must take action to end the genocide in Nigeria. Now, more than ever, Nigerians need your help, @StateDept! <https://buff.ly/3qgsBCs>

The 2020 Global Terrorism Index Report, released by @GlobPeaceIndex, ranks Nigeria the 3rd most impacted country by terrorism:

- ✘ 411 terrorist attacks
- ✘ 1,245 deaths
- ✘ 419 injuries

This is #Nigeria's new normal under #Buhari's regime, @StateDept! <https://buff.ly/37UXKD0>

“Violent attacks in the first six months of the 2020 exceeded the total recorded in 2019. Much of this violence was attributed to...Fulani extremists,” says @GlobPeaceIndex.

#COVID19 has worsened the impact of terrorism in #Nigeria. ACT NOW, @StateDept!

“Will Abuja finally have the courage to end the carnage once and for all?”

Nigeria's designation as a “Country of Particular Concern” is a critical first step, but more action will be needed to end the #Buhari regime's assault on religious freedom!
