Dear Mr. Facusse,

I am delighted that Tricuro has been appointed to continue working with Corporación Dinant for a further six months. I write to confirm the communications services that we shall provide you from March 1, 2018 through August 31, 2018.

Corporación Dinant is making good progress in educating a wide range of influential stakeholders about the significant investments the company is making in modernizing its security, protecting the environment, and engaging peacefully with local communities. In spite of these successes, there remains much more to do to (1) promote a positive image of Dinant, and (2) further reduce the inaccurate reporting that is unfairly damaging your reputation and harming your ability to operate and finance your business as you wish. I am confident that Tricuro can continue to provide the communications support that will help Dinant to further improve its international reputation and thereby advance the growth of your business.

Our work for you will include the following:

- **Strategic Communications Advice:** following a clear and well-defined communications strategy that meets agreed objectives and that is precisely aligned to Dinant's commercial strategy. We shall identify targets drawn from NGOs, media, politics and the industry; and agree the most effective strategy for engagement.
- **Message Development:** drafting and continually refining messages that tell the story of Dinant, your challenges and your successes in a way that is concise, compelling, and effective. The messages will enable Dinant to talk with confidence about its contribution to the economy; the welfare of its employees and suppliers; the advances in its environmental and wildlife programs; the ongoing modernization of its security policies; and the development of its community engagement.

- **Lobbying:** helping you to communicate with political targets, NGOs, global financial institutions and other influential stakeholders.
- **Media Relations:** helping you to communicate with influential journalists; immediately rebutting erroneous and damaging stories.
- **Internal Communications:** ensuring that Dinant's staff are aware of the company's achievements and are encouraged to share local successes and become advocates themselves.

Tricuro will undertake the services listed above from March 1, 2018 through August 31, 2018 for a monthly fee of US\$8,000 (of which US\$2,000 will be retained by Corporación Dinant for the payment of Honduran taxes), plus reimbursement of pre-approved expenses. If you have any questions about this agreement, please contact me at david.sowells@tricuro.com.

Thank you for your business.
