Where Do You Stand?

Watch our presentation in San Jose last month courtesy of ANB tv for an update on the status of the NPU, the current military division of the Nineveh Plain that the NPU is resisting, and the essential political choice that all Assyrians must face as we pursue the best path to maximize our power and autonomy. Ganaan qa ganaan.

And learn about how you can support the NPU through donations to the NPDF. The presentation shows our progress in manning and equipping checkpoints, including purchases made possible by donations to the NPU through the NPDF, demonstrates our commitment to the highest standards of transparency and accountability, and highlights the remaining challenges to achieving our goals.

Please watch and ask yourself: Where do you stand?

Stand with those who are fighting for our best future: a stand-alone Nineveh Plain Province. A province connected directly to the central government provides access to the resources and authority that are key to realizing our pursuit of equality in our homeland.

Stand with the NPU: Donate to the NPDF.
