The Nineveh Plain Defense Fund was honored to accompany the Nineveh Plain Protection Units - NPU : وحدات حماية سهل نينوى to the White House, the Department of Defense, and the State Department this past week as they brought the message that there are Christian Assyrians who are standing up for their right to defend and protect themselves in their homeland.

Your support of the NPU goes directly to support the NPU. No funds collected by the NPDF were used to sponsor this delegation.

Please donate to the NPU through the NPDF. Your support now only increases the chances for greater support from the United States and other powers.

Shlamaloukhun,

I hope you are well. I'm sharing a link with you (in my non-Facebook fashion) to a documentary that tells the story of the most amazing people who are on the frontlines of our survival. I hope you will take the time to watch a story of how immense tragedy is generating a professional fighting force that has proven itself. If you support Assyrian land reclamation in the Nineveh Plain, ensuring the right of return in safety and security, the pursuit of establishing a Nineveh Plain Province and then once settled and being empowered, a collective effort to try and create a region . . . then supporting the NPU is critical. No other force is working towards this goal; only the NPU *and its supporters*.

I was just in Washington, DC with the commander of the NPU, Brigadier General Behnam Abboosh and the out-going Chair of the NPU's political committee, Mr. Yacoob Yaco. Our meetings at the White House, Department of Defense and the State Department filled me with genuine pride. These were negotiations between allies, even if one is new and just developing and the other is the preeminent superpower today. It was not simply 'good ideas' and 'hopes' being presented by this delegation, but actions, sacrifices and the investments made in national treasure (physical and monetary) on the battlefield. It was unprecedented and historic, just like the NPU itself.

Please share, please spread the word and please support. Share on Facebook and social media as much as possible, forward this email to others who you think must see it, and encourage support always.

The NPU urgently needs your support. If you can donate please do so with some urgency. There is only one source that can ensure your donation goes directly and exclusively to the NPU; that is the Nineveh Plain Defense Fund. Your donations are not reaching the NPU if you are donating to other organizations to support the NPU. Please go to this link to directly support the NPU legally and with full transparency:

Thank-you,
