"It seems everyday someone new is taken [by the Asayish]. If you're in Zowaa [ADM], you're on their watchlist. If you're in the [Iraqi] Communist Party or Abnaa al-Nahrain [an Assyrian political party], you're on the watchlist. If you have a relative in the NPU [the Nineveh Plain Protection Units], you're on the watchlist. They want to advance their national goals and they're doing it at our expense. They'll silence anyone that stands in their way."

The KRG secret police monitor relatives of the NPU for a reason...

The NPU stands for our will as free Assyrians. Their very existence is an act of resistance.
