

Nineveh Plain Defense Fund

November 28 at 11:00 AM · 🌐

This is a vital report by the Assyrian Policy Institute analyzing the 2018 Iraqi Parliamentary Elections. The unprecedented report goes beyond simple documentation of flagrant abuses to elucidate a complex web of systematic and institutional disenfranchisement of Assyrians in Iraq.

As noted in the report's Acknowledgment, members of the Nineveh Plain Defense Fund did provide ad hoc consultation and advice upon request. No financial support was provided.
