Subject: Republic of Trinidad & Tobago - Support for CBTPA/CBERA Extension & Impacts of Non-Renewal
Attachments: GoRTT Impact Info on Non Renewal CBERA 9-9-20.pdf

Good afternoon Rob,

I hope this message finds you well.

I am writing today on behalf of the Government of the Republic of Trinidad and Tobago* to share with you the attached document in advance of the Ways and Means Subcommittee on Trade hearing scheduled for tomorrow titled, "*The Caribbean Basin Trade Partnership Act: Considerations for Renewal.*" As you know, failure to extend the CBTPA/CBERA beyond September 30th will significantly damage the economies of beneficiary nations, such as the Republic of Trinidad and Tobago. Additional details on the U.S. – Republic of Trinidad and Tobago trade relationship and the importance of CBTPA/CBERA are included in the attachment.

We very much appreciate your past efforts and current support for an extension of CBTPA/CBERA. Please let me know if you or your Member have any questions.

Regards,

Sudafi
