Tuesday, November 30, 2021	10:00:00 AM	Posted	SOCIAL	FEED	<p>#OTD in 1508, one of the most skilled 16th century #Italian architects, Andrea Palladio, was born in Venice, Italy!</p> <p>Palladio's work went on to become a popular European style called Palladian architecture. The Palladian style draws on classical Roman and Greek architecture in an effort to revive the use of strict proportion, symmetry, and proper implementation of the Classical orders: Doric, Ionic, and Corinthian. Now, modern-day architects use Palladio's work to inspire their own!</p> <p>In America, one well-known president of the United States used Palladio's work as a guide for his home! Can you guess who?</p>	Villa Godi Malinverni		<p>https://www.britannica.com/biography/Andrea-Palladio https://www.nytimes.com/2015/12/03/arts/international/how-jefferson-learned-architecture.html</p>
