	10:30:00 AM	Posted	SOCIAL	FEED	In 1941, Federico Faggin was born in Vicenza, #Italy. He would go on to become one of the most influential Italian scientists in modern history! After joining @intel in 1970, Faggin led the creation and implementation of a new technique for microchips using silicon gate technology. His designs for Intel's MCS-4 microprocessor would go on to become the world's first-ever commercial microprocessor! From the first dipped candle to the first radio to the microprocessor each invention further highlights Italy's history as an #EternalInnovator!	microprocessor
Wednesday, February 23	2:00:00 PM	Posted	SCI/ECON	FEED	Sustainability in Italy! Italy is hard at work! Here are the facts In the EU, Italy ranks among the top countries for waste reduction and maintains the highest recycling rate in total waste. 79.3% of all waste in Italy is sent for recycling! Italy's @EnelGroup is a global leader in renewable energy. They are the largest renewable energy operator in the world! 47 GW of managed renewable energy capacity as of the third quarter of 2020!	Sustainability
