Wednesday, April 13	2:00:00 PM	Posted	GLOBAL	FEED	Visit the @officialbe.it website to find all of the @Spotify playlists: <a href="https://madeinitaly.gov.it/en/it-parade/">https://madeinitaly.gov.it/en/it-parade/</a> Meet Alice and Fabio, nomadic shepherds who follow the seasons through Italy with their sheep and young son, Martin! In the warm summer months, the family spends their days high in the Dolomites, grazing in pastures. In the winter months, they come down from the mountains and seek post-harvest fields where landowners will allow them to graze. There are over 60 nomadic shepherds living in northeastern Italy, each with about 1,000 sheep in their flocks. Through documentary efforts like this photo essay from renowned photographer Bruno Zanzottera, Italian artists are preserving Italy's legacy! <a href="https://www.theguardian.com/environment/2022/feb/18/shepherds-delight-the-young-italian-nomads-high-in-the-dolomites-photo-essay">https://www.theguardian.com/environment/2022/feb/18/shepherds-delight-the-young-italian-nomads-high-in-the-dolomites-photo-essay</a>	Link auto-popul

				<p>Innovation is at the core of Italian history. It eternally cements our greatness in science, food, the global economy and more.</p> <p>DYK that these inventions were made by Italians?</p> <p>Before Alexander Graham Bell, Antonio Meucci developed one of the first talking telegraphs but could not maintain the US patent due to financial issues. 131 years later, the US House of Representatives recognized his hard work through an official Resolution in 2002!</p> <p>During his time at @Intel, esteemed Italian scientist Federico Faggin developed the first commercial microprocessor.</p> <p>The modern bank was developed in Italy, and the oldest surviving bank in the world still lives there. The Banca Monte Dei Paschi di Siena was founded in 1472 and today stands as the fourth largest commercial and retail bank in Italy.</p>	Antonio Meucci, Microprocesso r, Euros
