The government has also set up an executive committee that includes all relevant state, public and private representatives, as well as four subgroups - for legal affairs, financial affairs, monitoring of facility construction and implementation of public relations, marketing and promotional activities.

The report says that, following the issuance of a building permit, ground filling and flattening works had begun on a site in the Belgrade municipality of Surcin and that construction of the Expo 2027 Belgrade complex itself would start by end-2023.
