1 min read

The Naftogaz Group has agreed with UNDP on the purchase of gas piston units as part of strengthening cooperation on energy security and the 2024/2025 heating season, head of the group Oleksiy Chernyshov said.

"We have agreements on the purchase of gas piston units, which will further enhance our ability to provide uninterrupted electricity and heat supplies to Ukrainians during the winter period," Chernyshov said in a press release on Monday following his meeting with UNDP representatives led by Jaco Cilliers.

The head of Naftogaz also expressed gratitude to UNDP for its support and assistance in eliminating the destructive consequences of Russian aggression.
