

## Statement regarding U.S. Commerce Department's addition of Huawei on the so-called Entity List

Huawei is against the decision made by the Bureau of Industry and Security (BIS) of the US Department of Commerce.

This decision is in no one's interest. It will do significant economic harm to the American companies with which Huawei does business, affect tens of thousands of American jobs, and disrupt the current collaboration and mutual trust that exist on the global supply chain.

Huawei will seek remedies immediately and find a resolution to this matter. We will also proactively endeavor to mitigate the impacts of this incident.
