Huawei believes technology is for all. Watch to see how we’re using it to protect our planet, safeguard your privacy & build a better future for Earth and all its inhabitants. Download our new 2019 Sustainability Report for more details: https://tinyurl.com/yarl4fnw #HuaweiNow

With 25 years’ experience, Huawei Senior VP & Director of the Board Catherine Chen knows as much as any #WomenInTech about achieving success through hard work. Want to hear HERstory? Watch this video and stay tuned for further insights into her fascinating journey. #WhoAreWe

America needs connectivity more than ever and the rural community should not be overlooked.

RURAL BROADBAND COVERAGE GAPS DON’T KEEP AMERICA CONNECTED

42 million Americans lack access to broadband, with many located in regions with a higher rural population. Greater access to broadband connectivity can improve:

- Job Opportunities
- More Efficient Farming
- Education
