Will a policy to displace current technologies for the promise of O-RAN further slow the 5G rollout? Don Morrissey is on @ravishaker discussing why policies need to be carefully designed to move us forward. tinyurl.com/ydvo8ba
Hello everyone! Today’s TechTuesday is all about the Huawei Developer Conference Q&A with Daniel Sieberg, VP of Public Relations at Huawei USA. The event is scheduled for September 15 at 2 pm ET.

How did StoryScan come to be? One developer started off trying to help avid readers and found a way to bring reading to the visually impaired.

Check out what apps @TechmeOut is using on the Huawei P40Pro! New video live!

What can we expect from EMUI 11? AskHuaweiUSA

What does it mean to be open source? AskHuaweiUSA
Q: I missed the keynotes last week - where can I watch the Developer Conference?

A: You can watch the Developer Conference here: [youtube.com/watch?v=P56z5i](https://youtube.com/watch?v=P56z5i).

Q: What is Huawei HiCar? Is the company developing driverless cars?

A: Huawei HiCar is a smart connectivity solution that connects mobile devices with vehicles. Huawei is actively working with developers on the mobile gaming front.

Q: I heard there was some talk about e-commerce during DigiCon. What was that about?

A: During DigiCon, there was indeed a discussion about e-commerce. For more details, you can refer to the conference's official page.
