It is critical for all stakeholders, from the IT department to the C-suite, to understand their roles in ensuring cybersecurity. Finding a way to make sure that responsibility and the consequences of failure are dispersed will help businesses take cybersecurity more seriously.

Tomorrow at 2 p.m. ET, Huawei's Tim Danko will be joined by @futurebec of Omdia, professor @BarryOSullivan and professor @reiLahota to discuss AI and how it's going to impact how we live, work and play. It's not too late to register, tinyurl.com/y24ajjzg

Director Catherine Du explains why talent holds the key. Find out how you can get involved, tinyurl.com/y4njyjkx.

Don't get the holiday blues. Daniel Sieberg will be sharing a few ways to keep the spirit alive virtually this year. Tune in to #TechTuesday on 12/1 at 2 p.m. ET. #AskHuaweiUSA
With a 4.5 out of 5 star ranking, it looks like the Huawei MateBook X has won! Check out his full review on @techradar.
