Huawei Twitter and Facebook May 11-12

- Welcome to the Huawei AR Map App. Watch here to see how this app covers more than 100 museums and 1,500 commercial districts. Walking around a city never looked so cool! 🌐 InnovationMadePossible

- Happy to support the move towards eco-friendly innovation. Barriers to adopting solar power in New Zealand are shrinking, especially among families and smaller businesses. We're super proud to be a part of these efforts!

- Green Building: Zero carbon in Huawei's sights - NZ Herald
  Smart solar power products will pave the way for zero carbon housing.

- Collaboration — based on the recognized importance of standards & best practices to enhance transparency & accountability — and a 'trust no one' approach hold the key to ensuring cybersecurity. #Huawei USA CISO @AndyPurdy details why.

  The government should move to a ‘trust no one’ approach to managing cyber risk — an approach building on the concept of zero... 🗝️ forbes.com
