Huawei Twitter and Facebook June 8-9

Why is it important to preserve coral reefs? 500 million people depend on it for food and income & millions of marine species depend on it for survival. This is why Huawei and @UCN want to bring the power of technology to reef conservation. #WorldOceanDay

1 day to go! Stay tuned for the official Huawei Global Cyber Security & Privacy Protection Transparency Center (Dongguan) Grand Opening Ceremony livestream on June 9. Learn more: tinyurl.com/ywix7p47k

As you can see, I am in Huawei Dongguan Tianhehe Lake Park.
