Subject: Hot Temperatures On the Rise - Cool Off at the Best Hotel Pools in the Caribbean

Hi [REDACTED],

With hot temperatures still on the rise - there are fewer reasons *not* to book a vacation, especially for direct access to a pool. When it comes to cooling down - it is the most wanted amenity.

While Aruba is known for some of the world's top-ranked beaches, the One happy island is also home to some of the best hotel pools. From infinity, to beach views, family-friendly or adults-only, there is a pool for everyone to cool off in (and enjoy year-round). Please see below for a roundup, along with corresponding assets [HERE](#).

Is this a fit for your coverage? Happy to answer any questions you may have!

Best,
