

Escape to Aruba and cure your holiday season stress with these amazing travel deals

(BPT) - Stressed out? It's a good bet that almost everyone reading this is feeling it right now. A new Harris poll, commissioned by the American Psychiatric Association, found that [stress in America](#) is reaching new heights. A full 77% of Americans reported significant stress in their lives. And that's not even factoring in the holidays, which — every year — include plenty of chaotic travel and planning mixed in with the holiday cheer.

Don't you wish you could get away, relax on one of the best beaches in the world, feel cooling sand between your toes, and swim in azure blue water? It sounds like the perfect antidote for these stressful few months, doesn't it? Aruba has you covered.

Visitors to the One Happy Island describe a sense of rejuvenation that stays with them long after they return home: the Aruba Effect. With award-winning beaches, world class spas, and picturesque natural landscapes, you'll feel the stress slip away.

During the season of holiday deals, that feeling will be more accessible than ever.
