katiecung #ad We loved staying at @mancheboaruba in Aruba. Though we loved venturing around the island, slowing down and really experiencing what the property has to offer was much needed. The resort has such a romantic, peaceful vibe, perfect for couples looking to unwind together. Being right on Eagle Beach made it even more special. Make sure to check out this hotel on your next visit to the #OneHappyIsland @ArubaTourism

calebthill Leave NYC at 8am and arrive around 12pm at this gorgeous island #ad in the Caribbean outside the hurricane belt that gets over 300 days of sunshine a year.... Aruba, you were magical! Everyone on the island was so kind and caring too... I guess its nickname, One Happy Island, really is true! <3 #ArubaPartner @ArubaTourism #OneHappyIsland

calebthill The perfect local's guide of Aruba! #ad Aruba's nickname is One Happy Island and after spending a few days there, it really is true! From the sweetest local women telling us their favorite lunch spot on the island to the taxi drivers giving us their favorite secret beach locations, the people of Aruba really made this trip!

Aruba Fun Facts:

- Aruba's tap water is known as some of the cleanest in the world
- Single-use plastic is banned in Aruba
- The island is outside the hurricane belt making it a great year-round Caribbean destination
- Over 300 days of sun a year!
- Aruba's native language is Papiamentu (a creole blend of African, Spanish, Dutch and Portuguese influences)
