EU Ambassador: BiH should strive to reduce intl community's presence – N1

📅 February 22, 2021

The Head of the EU Delegation to BiH, Johann Sattler, said Monday that BiH should strive to reduce the presence of the international community since the current size of the presence is incompatible with EU membership.

“We have seen the candidacy proposal made by Germany, which is a positive signal. We welcome the indication of a strong engagement of Germany, as the strongest country in the European Union. In the medium and long term – this extent of the international community's presence in BiH is incompatible with EU membership. We are in stages where we should strive to gradually reduce this presence,” Sattler said.

Sattler's comments came at the 11th meeting of the Parliamentary Forum for BiH's European Integration, which was hosted by the Republika Srpska National Assembly's Committee for European Integration and Regional Cooperation.
