European Commission approves BiH's Reform Agenda

 December 4, 2025

The EU Delegation to BiH today issued a [press release](#) announcing the European Commission's approval of BiH's Reform Agenda. The text of the release is below.

EUROPEAN COMMISSION APPROVES THE REFORM AGENDA OF BOSNIA AND HERZEGOVINA!

The European Commission has [positively approved](#) Bosnia and Herzegovina's Reform Agenda – a key step toward releasing up to €976.6 million under the EU's Reform and Growth Facility.

The Commission concluded that the Reform Agenda, submitted on 30 September 2025, meets the objectives of the Growth Facility Regulation. It sets out priority reforms to accelerate the green and digital transitions, boost private-sector development, retain talent, and strengthen fundamental rights and the rule of law. It is now for Bosnia and Herzegovina to swiftly sign and ratify both the Facility Agreement and Loan Agreement. The allocation of funding to Bosnia and Herzegovina, including pre-financing, can only start once these agreements enter into force and all conditions are fulfilled.

The Western Balkans Growth Plan offers a roadmap to bring the economies of the Western Balkans closer to the European Union. The Growth Plan is €6 billion for the region in investments, and the principle is both investments and reforms. It also provides the preparatory work to join the Single Market, allowing citizens in Western Balkans to reap some early benefits of the EU integration. The release of funds will be conditional upon the successful implementation of Reform Agenda, covering both reforms in the fundamentals area and socioeconomic reforms, in close cooperation with the European Commission.

With this approval, all six Western Balkan partners now have Reform Agendas in place and can benefit from the [Facility](#) as they advance toward EU membership.
