Dear Alison,

Just following up on my email below. I noticed that ADM hasn't yet updated its grievance log to include Rapid Response: Soy and Cattle report 6, and I would appreciate ADM's response to the cases in this report.

I also would still love to meet with you / relevant team members about the Rapid Response program. Please let me know what your availability looks like over the next couple weeks.

Best,

- State any supply chain or other (financial, credit, joint venture, investment etc.) connection to each of the properties listed in our report (unless such information has already been communicated to Mighty Earth regarding repeat cases);
- State any connection to each of the companies and/or families listed as owners of the properties in our report (unless such information has already been communicated to Mighty Earth, as noted above);
- Update your grievance log to reflect the cases included in this report where they apply to your own supply chain or other relationships; and
- Inform of us of how you are planning to address these specific cases of native vegetation clearance.

We would also like to schedule a meeting with you and/or your team to better understand your progress in addressing cases of clearance in the Cerrado, as well as to provide you with an opportunity to share feedback on the reports. Please let me know when you're available for a phone call during the next few weeks.

Best,
