Hi Robin,

I hope all is well and your team has settled into a quarantine routine! I wanted to loop back around on this to see if you had a chance to provide your edits to the letter? We're getting the sense from corporate targets that they are still moving forward on their sustainability agendas, and in fact Mars [just released](#) their updated deforestation policies.

Ideally we can get this letter finalized and send out before the end of the month...

Thanks!

Lucia

Hi Marc,

Does Wednesday April 1 at 10:30amEST work for you? We're relatively flexible so feel free to suggest another time if this doesn't work.

We've been curious to learn from other groups how they are experimenting with shifting in-person organizing to online. You mentioned below that your team felt the move to online actions was successful, so I was just curious if you had any data/insights we could use to evaluate impact and/or share with media. Looking forward to learning more on our call!

Enjoy your weekend

Best,
Lucia
