Dear Nasuha,

We are hereby giving you the opportunity to review the latest version of Mighty Earth's 'Trader Tracker' table, which provides the status of grievances related to cases, highlighted in Rapid Response reports, that have been linked to your company's supply chain. Please provide any update on your engagement, if applicable, no later than May 15, 2020. After this date, we will update the scores in the [graphic on our website](#).

Cargill's 'Trader Tracker' table can be found here: <https://airtable.com/shrp4JClviooujme3>

Note that Cargill now has 52 grievances that Mighty Earth considers to be 'disputed' because your company does not provide sufficient evidence to resolve such cases. This means that Cargill's overall score will remain low in our 'Trader Tracker.' We are happy to have a phone call to discuss how other companies are responding to such disputed cases and the kind of evidence needed to resolve them.

Best,
