Hi Michel,

A call would be great. It's useful to read a bit about Bunge's monitoring system. Have these properties from our report been flagged by your monitoring system? I would love to learn more about the specifics of how you engage suppliers that have been flagged, and what verification processes are in place. Would you be free for a call for introductions and information sharing either Monday, June 29th at 9am PST or Wednesday, July 1st at 10am PST (I'm based in California currently.)

Thank you,
Asha
