Hi Blanca –

Wanted to share the below article regarding Saudi women in business that I thought might interest you. The article shows the increased number of Saudi women entrepreneurs between 2018 and 2019, particularly in the consumer service sector. The report also indicates the highest rates of women’s entrepreneurial intentions were reported in the Middle East region at 36.6 percent, with Saudi female entrepreneurs responsible for driving the trend.

Please let me know if you have any questions!

Thank you,
