

Hello Summit Colorado interfaith Council folks,

I spoke with Diane Luellen by phone on Friday. As I mentioned to her, we are working for the Embassy of Saudi Arabia in Colorado. Our objective is to remind the public of how the partnership between the U.S. and Saudi Arabia anchors peace and stability in the Middle East. We hope to do this partly by working with faith leaders and faith organizations throughout Colorado.

We'd like to share an opinion piece with you that published in the Chicago Tribune earlier this month, please see the attached. The piece was co-authored by Mohammad Al-Issa, the secretary general of the Muslim World League and David Harris, the CEO of the American Jewish Committee. The two co-headed a joint Jewish-Muslim delegation to Auschwitz to mark the 75th anniversary of the Nazi German camp's liberation – and this is what the opinion piece is about.

We're hoping you may be willing to share this wonderful opinion piece on your website, in your newsletter, and/or via your social media platforms.

Please let me know if you have questions and thank you for the consideration.
