Good morning fellow travelers,

I hope you and your families are healthy and doing well despite this awful pandemic.

You may be interested to know that there's a new video on www.QatarHarveyFund.com (short and long versions for those pressed for time 😊).

Also, if interested, the link below is to a press release issued yesterday by the Qatari National Tourism Council; I especially enjoyed the beautiful images linked at the bottom.

Take care and be well,

George
